Re: Reference for David Dillon | Custodian Backoffice

To whom it may concern,

I am writing regarding the great service we have received - and continue to receive from David Dillon and Custodian Backoffice.

They came along just as we were setting up a small energy business and have provided great advice that has delivered real value to us. Taking a strategic approach, they have streamlined processes and reduced the time needed in financial admin - something I am very grateful for. With David you get great strategic expertise and relevant advice when you need it, to help your business thrive - and this has been wonderful for a new business finding its way in the world.

I have no hesitation in recommending David and Custodian Backoffice to individuals and organisations looking to simplify their accounting and finance systems - and have access to a deeply experienced financial expert and a great partner.

Kind regards,

Andrew Cochrane
