To whom this may concern:

It is with great pleasure we write this letter of recommendation for David Dillion and Custodian Backoffice.

Custodian Backoffice has been with us from the start. David's invaluable knowledge and experience helped us navigate through the uncharted waters of a management buy-out, to assisting with the migration of all account matters from our former foreign parent company, and then finally establishing us to move forward independantly post buy-out. David remains are our VCFO and BAS agent, who challenges us and proactively provides insights into the management of our financial position. David's engagement has meant our finances / accounts are in great shape, and this has flow on effect to our operations allowing us to remain focused on running and growing our business.

Yours Faithfully
